- 14 - 3 three days – 25% refund less transfer/banking fee.
- Within 72 hours – no refund

### **Honeymoon Suite**

This lovely lodge with its four poster bed, log burning fire, slipper bath and outdoor shower is a must for any romantic getaway. The honey coloured thatch and exposed roof beams are offset by the spectacular local granite wall. The massive sliding teak doors offer remarkable views over the gardens and guests can while away the time, laying on the bed and looking out over the natural beauty beyond.

Spacious and comfortable; the lodge is centrally located and is close to the central lodge.

### **Tree Tops Suite**

This quirky lodge is built predominantly from upcycled material reclaimed from the local area. In what was once a water reservoir this gorgeous local stone lodge sits nestled under the leafy tree canopy and commands lovely views over the gardens and dam. The view from the large king-bed is of leafy skies and the mezzanine lounge provides the ideal location to relax.

### **A Frame**

This celebration of nature is primarily thatch and teak. The huge sliding doors open directly from your bedroom onto the covered thatch veranda and then out onto the irrigated lawns. This two-room lodge has en-suite King and Twin rooms and a comfortable inter-leading lounge with veranda. Currently the lounge does not have a fireplace but electric heaters ensure that the rooms are lovely and cosy even in the coldest of winter evenings.

### **Lodge 1, 2 and 3**

The three family suites consist of a King room with en-suite bathroom and outdoor shower and Twin room with en-suite shower room with both indoor and outdoor showers. The hallway leads onto a large lounge with log burning fire and out onto the picturesque covered verandas. Each lodge has a unique view, onto either the picture lakes, gardens and seasonal stream and the wildlife feeding point where guests may be lucky enough to spot one of the zebra or giraffe.

### **Family Suite**

Looking our top dam, this gorgeous double storey room consists of a king bed downstairs and two singles on the wooden second floor. The lounge and veranda provide great views onto the water and

the rustic bathroom and outdoor shower show a fantastic homogeny with nature. Great for small families or two friends traveling together.

Not ideal for movement-impaired guests as it is a fair distance from the central lodge.

### **River Tents (1,2 &3)**

Nestled along the southern banks of the Nyamasanga River tributary, these secluded and private canvas under thatch tents are a must for any nature loving guests. Beautifully appointed with king beds, lounge areas and covered verandas they are cool in summer and the indoor wood burning stoves (pretty unique when it comes to tents) ensure that they are warm in winter. Brick bathrooms and outdoor showers continue the heightened level of comfort and in keeping with the natural theme, all hot water provided by solar heaters.

Not ideal for movement-impaired guests as it is a fair distance from the central lodge.
